Update 20.01 (Policy 4003, *NEW* Employee Salary Schedules)

Policy Update

Employee Salary Schedules Pursuant to Michigan law, all employees must be paid pursuant to a normal salary schedule. For those employees that are not part of a collective bargaining unit with a contract that provides normal salary schedules, normal salary schedules will be implemented by the District setting out base pay for each job classification. Job classifications for non-bargaining unit employees are to be determined by the Superintendent. The Superintendent is delegated the authority to create and implement normal salary schedules for all non-bargaining unit employees (except for the Superintendent), but such salary schedules must be provided to the Board of Education prior to implementation. The normal salary schedule for the Superintendent must be presented to the Board of Education for approval on a yearly basis.
