

FACILITIES AND OPERATIONS – 6000 Series

Update 19.03 (Policy 6002 – Safety and Security)

The Governor recently signed legislation that enhanced classroom safety for students and educators by establishing a behavior threat assessment and management team. This team will monitor students' concerning behaviors, implement supportive measures to mitigate potential threats, and provide students with the tools they need to thrive. The District must implement the noted provision by October 1, 2026.

Generally

School District facilities and grounds will be kept safe and secure. Such facilities and grounds should also be maintained as clean and attractive. The Superintendent will develop and implement a maintenance program for the safe and efficient operation of the School District. The program will provide for the regular inspection and periodic maintenance of all School District facilities and be compliant with all applicable safety, health, and environmental requirements.

The School District will undertake reasonable cooperative efforts with law enforcement agencies. The Superintendent and building administrators have the responsibility and authority to determine when the presence or assistance of law enforcement officers is necessary on School District premises and School-related functions.

Behavior Threat Assessment and Management Team

The Superintendent will develop a behavior threat assessment and management team, including duties aimed at addressing situations which may pose a threat to the health, safety, and welfare of themselves or the school community pursuant to MCL 380.1308e. The goal of the behavior threat assessment and management team is to take appropriate preventive or corrective measures to maintain a safe school environment, protect and support potential victims, and provide assistance, as appropriate, to any student or staff member being assessed.
