Notes about Notes from the Transportation Department

On rare occasions it may be necessary for a student to ride home on a different bus other than the one that is assigned to them. During prior years, it has been our practice to accept notes from both sets of parents involved allowing one student to ride home with another student at the Building Principal's discretion, either for play dates or homework help, or at times, for daycare purposes. As budgets get tighter and gas prices rise, our ridership continues to increase making it more and more difficult to "guarantee" that only two (2) students will share a seat on the bus.

In an effort to maintain as reasonable a number of students on a bus as possible, the Transportation Department can no longer support the practice of students casually riding on another student's bus whether they have a note or not. We feel it is important that only eligible students ride buses and that they ride only the bus to which they are assigned.

We understand that situations will arise that may make it necessary for students to ride on a different bus and can certainly support exceptions. For instance, we would ask that in situations where parents may be out of town for a period of time, that they use the Alternate Address Busing form.

In cases where students are working on a project together and must ride home together for that purpose, we would ask that parents contact the Transportation Department prior to the day that needs to occur to determine if there is room on the bus.

It is important that we know who is riding our buses.

We thank you for your understanding and cooperation as we strive to continue to safely and efficiently transport your students to and from school each day.

Frank Rydquist II

Director of Pupil Transportation
