

## iPad Guidelines

Please keep the apps in the left side of the Dock as shown below. The right side changes depending on the apps that are recently used.

Since this device is issued and managed by the school district, it is safe to always choose the following for apps. Following these directions allows the school apps to work correctly.

The following apps require a classroom account to be added, so please WAIT to use these until your child's teacher gives you permission to use at home.

The following apps do not require a school account, so they are free to use at home anytime with parent discretion:
